Choose how often you wish to have a purchase proposal by setting a *daily interval*.
For a proposal twice a week – set to 3. For a weekly proposal – set to 7, every other week – set to 14 and so on.

Choose how often you wish to have a purchase proposal by setting a *weekly interval*.
The example below implies a proposal is requested every other week. If set to 1 it indicates a request for proposal(s) every week.

- 8. Select which *weekday(s)* you'd like to have your proposal.
- 9. State for how *many days* the proposal should be repeated/displayed if the proposal for some reason isn't purchased on designated day.
- 10. Indicates when next proposal will be created. You can via this field choose to delay the creation of proposals on topical supplier.
- 11. Save!
- 12. An overview of settings made on supplier's schedule.
